EVENTING NEWS

The development of our eventing discipline has over the last year taken off, with more eventing tracks being built at ReiterVerein Swakopmund, Claratal Farm and Otjiwarongo Reitgemeinschaft. Training of officials are of utmost importance and NAMEF took on the initiative to send along interested parties to the FEI Level 1 seminars, hosted in Harare, Zimbabwe last weekend.

The officials who kindly took some time off in their busy schedules to attend the course, thereby positively contributing to the development of the sport were:

Alexandra Rohl for Ground Jury

Cord Cordes for Course Design

Silvia Kleyenstueber for Course Design

Tanja Reinhardt for Technical Delegate.

We would like to extend our appreciation to those that made this effort to contribute, not just financially but also enthusiastically to the Eventing sport.
THANK YOU!!
