FEI Level 1 coaches course – thank you

THANK YOU to all the participants, the helpers, the parents, the husbands, the wives and the Gymkhana Club for the support received towards the hosting of a very successful FEI level 1 Coaches clinic in March.

A special mentioned must be made to Mrs. Frauke Röschlau and her tireless input and help received in making this course successful and well received. We really really appreciate your help.

A quote received from the FEI Solidarity representative Andreina Wipraechtiger" being "development is a team effort and you have an essential role in making this happen so thank YOU"

More news will follow soon about the FEI Level 2 coaches' course in the planning.

....from the Eventing desk....

For officials development this year we have in the pipeline a National Stewards course which will be hosted before and during the Namibian Eventing Championships and the FEI 1* test run at the Reitgemeinschaft Otjiwarongo, during October this year.

Tanja Reinhardt will closer to the time send out all the necessary information around this course. NAMEF would like to encourage anybody that is interested to make themselves available, as our sport does need qualified Stewards.

....from the Dressage desk....

Riders need to be aware that all dressage tests ridden at the upcoming Namibian Dressage Championships (June 2015) will not be allowed to be ridden with a whip.

2015 NAMEF workshop

Attached please find the minutes of the points tabled at the last NAMEF workshop for your perusal.

Should you have any questions kindly contact your Club committees for detail.

Happy Easter!!!!
