PREAMBLE

The Rules, Regulations and annexures contained in this document contain regulations with regard to the execution of events and competitions, as well as additions and modifications to some FEI Regulations, and are effective as of 1 January 2017.

As from this date all other texts covering the same matter (other editions and all other official documents) issued previously are superseded by these NAMEF Regulations.

"It is not possible to provide for every conceivable eventuality in these Rules.

*If there is no rule to deal specifically with a particular circumstance, or if the nearest interpretation of the pertinent rule would result in an obvious injustice, it is the duty of those responsible to make a decision based on common-sense and fair play, thus reflecting as closely as possible the intention of these Rules and of the General Regulations." **

2.8 SPECIAL NAMEF RULES REGARDING JUMPING COMPETITIONS

In accordance with FEI article 260.2 Organising Committees may provide for new types of competitions.

Rules for judging "Sport" competitors please see Article 1.4.5

NAMEF has developed the following "Namibian" Regulations:

2.8.1 NAMEF Rules based on FEI Article 238 "Table A" and article 239 "Table C"

These rules may only be applied in respect of beginner, lowest level and Equitation competitions:

2.8.1.1 AM 7

The first round shall not be ridden against the clock, however with a maximum time allowed. In the event of equality of penalties in the first round there will be a jump-off on ideal time at a speed of 350m/min. Winner shall be the athlete with the lowest score of penalties closest to the ideal time. In the event of less athletes participating in the jump-off than there are placing (as indicated in the schedule of an event), athletes who did not qualify to participate in the jump-off shall be placed according to their penalties in the first round and in the event of equality of penalties, shall receive the same placing.

2.8.1.1.1 When exceeding the time in competitions based on 'Ideal Time', the first few seconds in excess of the 'Ideal Time' shall not be penalised. These allowed seconds are based on the length of the course. For every 100 m or part thereof, of the first round course length the allowance is 1 (one) second, (e.g. for a course with a length of 260 (two hundred and sixty) meters the time allowance is 3 (three) seconds).

- 2.8.1.1.2 If the allowed time is exceeded, time penalties are applied at 1 (one) fault per second or part thereof for the time exceeding the allowance.
- 2.8.1.1.3 In the case of 2 (two) or more athletes exceeding (without incurring time penalties) or underscoring the ideal time, by the same number of seconds, the winner will be the athlete with the faster time.
- 2.8.1.1.4 Ideal time for sport horses in AM 7 shall have 4 seconds deducted from the ideal time.

2.8.1.2 **AM 8**

One round only. Winner shall be the athlete with the lowest score of penalties closest to the ideal time. (No jump-off.)

- 2.8.1.2.1 When exceeding the time in competitions based on 'Ideal Time', the first few seconds in excess of the 'Ideal Time' will not be penalised. These allowed seconds are based on the length of the course. For every 100 m or part thereof, of the course length the allowance is 1 (one) second, (e.g. for a course with a length of 260 (two hundred and sixty) meters the time allowance is 3 (three) seconds).
- 2.8.1.2.2 Ideal time for sport horses in AM 8 shall have 4 seconds deducted from the ideal time.

2.8.1.3 **Competitions judged under AM 7 and AM 8**

When competitions are judged under Rules AM 7 and AM 8, the Course Designer shall take note of the following when building the course:

- 2.8.1.3.1 Compulsory turning points shall be used, marked by a white flag on the left side and/or a red flag on the right;
- 2.8.1.3.2 The course plan shall indicate the measured track to be followed by competitors by way of a dotted line;
- 2.8.1.3.3 One-stride combinations are not allowed.

2.8.2 **Team Competitions**

In view thereof that the FEI Regulations in respect of Team Competitions are for higher grades than ridden in Namibia, the following ruling has been developed for team competitions in Namibia.

2.8.2.1 Team Competitions may take place in conjunction with:

2.8.2.1.1 FEI Article 268 – Relay Competitions

2.8.2.1.2 FEI Article 238.1.2

- **Starting order:** The starting order of the teams shall be drawn. The first athlete of each team starts in the order of the teams, thereafter the second athlete etc.
- **Penalties:** The penalties of the best three athletes of each team are added together.
- Winner is the team with the least penalties. In case of a tie for the first place a jump off will take place, and each team must nominate one athlete to ride in the jump off.
- **Jump off:** If the result of a team after the third athlete has competed is good enough to qualify for the jump off, the fourth athlete is not obliged to ride their round, but they may be chosen by the team to ride the jump off.
- Winner is the team whose representing athlete scored the least penalties in the best time.

2.8.2.1.3 **Baton Relay**

2.8.2.1.3.1 The team members enter the arena together. The first athlete jumps their round carrying the baton and having taken the last obstacle they hand over the baton to the next athlete and so on.

2.8.2.1.3.2 If, during the round or in handing over the baton to their team-mate, one of the athletes drops it, they must recover it themselves and remount without assistance in order to pass it on to the next, under penalty of elimination of the whole team. Dismounting is not penalised, but the clock is not stopped.

2.8.2.1.3.3 The time of the round is taken from the moment when the 1st athlete crosses the start line until the last member of the team passes the finish line.

2.8.2.1.3.4 These competitions are judged under "Table A" or "Table C", according to the conditions of the schedule.

2.8.2.1.3.5 The elimination of a team member results in the elimination of the whole team.

2.8.2.1.4 **Relays from an enclosure**

2.8.2.1.4.1 The team of athletes enter the arena and gather in an enclosure called the base.

2.8.2.1.4.2 Once the 1st athlete has left the base none of the others may leave it until the previous athlete is back in. The next athlete may only leave the enclosure when the preceding athlete is completely back inside having completed his round. A steward must be stationed at the enclosure and an athlete leaving the enclosure during a round will result in elimination of the whole team.

2.8.2.1.4.3 Articles 2.8.2.1.3.3 – 2.8.2.1.3.5 apply.

2.8.2.2 Teams shall consist of the number of athletes as indicated by the schedule of the respective event, but no less than two and not more than four athletes.

2.8.3 **Competition for 2 (two) Classes**

In all competitions in which 2 (two) levels participate (e.g.1.10m/1.20m etc.) a handicap may be applied to the higher level, except in the case where the schedule provides for entries of the higher level (e.g. 1.20m jumping, in which 1.10m horses/athletes participate). If applied, handicaps shall be clearly stated in the schedule of an event.

2.8.4 **Style Competitions**

It is recommended by NAMEF that these competitions, with special conditions, be executed by clubs from time to time. These events shall not be graded.

2.8.4.1 **Style Jumping Competitions (in general)**

2.8.4.1.1 Scores for the jumping style shall be given on a scale from 0 to 10, with 10 being the highest score.

2.8.4.1.2 Penalties are scored as follows:

- Knock-down = 0.5 penalties
- First refusal = 1.0 penalties

- Second refusal = 2.0 penalties
- Third refusal = elimination
- Fall = elimination

2.8.4.1.3 The penalties shall be deducted from the score achieved from the jumping style of an athlete.

2.8.4.1.4 A "time allowed" may be prescribed, in which case 0.1 penalties will be deducted for every second or part thereof, exceeding the "time allowed". The time limit is equal to twice the time allowed. Athletes exceeding the time limit are eliminated.

2.8.5 Combined Jumping Competitions

2.8.5.1 Speed and Precision

The course consists of 12 (twelve) jumps; the first 6 (six) to be ridden against the clock; the second half of the course consists of 6 (six) more difficult jumps. The second half of the course shall include a double combination (optional for level-70cm) somewhere between jump 8 (eight) and jump 12 (twelve). **The first half of the course shall be judged under Table C (jumps 1 (one) to 6 (six)).** A knock-down shall incur a time penalty of 3 (three) seconds. **The second half of the course shall be judged under Table A.** Apart from the start and finish lines there shall be a further finishing line between jumps 6 (six) and 7 (seven) for time-keeping purposes. A refusal between jumps 1 (one) and 6 (six) will incur penalties in accordance with Table C (FEI Article 239.2), but a second refusal in the second half of the course shall result in 8 (eight) jumping penalties. Three refusals or a fall shall incur elimination. No circles may be ridden between jumps 6 (six) and 7 (seven) placing: The time needed for the first half shall determine the winner in the event of equality of penalties in the second half. In the event of equality of time for the first half as well as equality of penalties for the second half, a jump-off shall take place. In the precision phase time penalties are calculated at 1 penalty per second. The time allowed for speed phase is 120 seconds.

2.8.5.2 Precision and Speed

As in article 2.8.5.1., but the first half of the course shall represent the precision phase and the second half the speed phase. The precision phase shall also include a double combination (optional for level-70cm) somewhere between the 2nd and 6th obstacle. The faults of the precision phase and time required for the time phase shall determine the winner. In the event of equality of penalties (first phase) and time (second phase) a jump-off over the first half of the course shall take place.

2.8.6 Joker-Top-Score Competitions

2.8.6.1 As per article FEI 270, however article FEI 270.12 is amended as follows: 2 (two) obstacles are provided in the course duly marked by flags and titled 'Joker'. Each Joker shall only be jumped once; 200 (two hundred) points are awarded for each if jumped correctly. In the event of a refusal or run-out or with a knock-down at a Joker, 200 (two hundred) points shall be deducted. The Joker may not be attempted a second time.

2.8.6.2 The Jokers should be clearly indicated and marked as such.

2.8.7 Merry-Go-Round Competition

Athletes participate in pairs of two. The course consists of 9 (nine) to 12 (twelve) jumps. The competitors have 80 (eighty) seconds to jump the course until the bell is rung – the last jump is only taken into consideration for the score if the forelegs of the horse jumping have reached the ground at the ring of the bell. The first athlete takes jumps 1 (one), 2 (two) and 3 (three), the second athlete jumps 4 (four), 5 (five) and 6 (six), the first athlete jumps 7 (seven), 8 (eight) and 9 (nine), etc. until 80 (eighty) seconds have passed. Once the course has been completed the athletes shall continue to jump the course again without having to pass the starting line again. Should a horse jump before the other horse has reached the ground with its forelegs after his jump, then that pair shall be eliminated. Three refusals or a fall shall also incur elimination. Penalties shall however not be calculated. Should a jump be refused but not knocked down, the athlete must attempt to jump that jump again. Should a pole be knocked down during jumping or because of a refusal, that jump is considered to be knocked down and no points will be awarded and the next jump shall be attempted. The pair shall receive one point for each jump cleared without penalty during the time of 80 (eighty) seconds. In the event of equality of points a jump-off with a reduced time of 45 (forty five) seconds shall determine the winners. The first athlete must cross the starting line and after 45 (forty five) seconds the bell will be rung. After the bell has rung another jump must be taken in order for the time to be taken. The time shall be stopped when the horse touches the ground with its forelegs, but the jump taken after the bell has rung shall not be taken into consideration for the score. In the event of equality of points the shortest time shall determine the winning pair.

2.8.8 "Two-Horses" Competitions

An athlete is supposed to complete a course either with 2 (two) horses successively or the two parts of a course with one horse each. Changing from one horse to the other inside the arena (with or without the help of a person holding the horses), shall take place after completion of the course with the first horse, or between the two parts of the course, without having to cross the starting line again. The time shall be taken at crossing the starting line with the first horse and crossing the finishing line with the second horse.

built next to each other consisting of at least 4 (four) jumps each. Combinations may be included. The 16 (sixteen) or 8 (eight) athletes shall be divided into 8 (eight) or 4 (four) pairs and the course which each athlete shall ride shall be determined at the discretion of the Judges. The relevant competitors in a pair shall execute a "start" from a standing position close to the starting line(s) simultaneously starting at the sign of the bell, or as recommended by NAMEF, at a manually operated starting sign by way of a person using a flag. Time shall not be taken. The athlete with the least penalties of the two athletes, and in the event of equality of penalties the athlete who crosses the finishing line first, shall qualify for the next jump-off.

Pairs shall again be made up and courses to be jumped determined at the discretion of the Judges, and so on, until the winner is determined. In the event of equality of penalties the jump-off shall be repeated to determine the winner.

- iv) 4 (four) 4th places - The athletes who were "knocked-out" in the rounds against the participants sharing 3rd place.

In case this competition takes place under time pressure, athletes with penalties that would exclude them from the placing, may be stopped by the bell. This type of competition shall be judged according to FEI Articles 238 "Table A", but without a time allowed.

2.8.11 Grand Prix Derby with Exchange of Horses between Participants

The 3 (three) or 4 (four) most successful athletes / horses throughout at least two jumping competitions in the same class may qualify for this competition. JUDGES AND OFFICIALS

ADDITIONAL ON CONFLICT OF INTEREST ART 3.5.7

- The Organizing Committee has to pay special attention to the above when appointing judges to competitions.
- A judge shall be obliged to examine the official event program with regard to above. He/she shall inform the Organising Committee immediately of a potential conflict of interests. In case of the provisions to above not being avoidable, a member of the sports committee of NAMEF must be informed.

ADDITIONAL ON EXECUTION OF TEST ART 3.7

3.7.1 "ERROR OF COURSE"

When a competitor makes an error of course (e.g. takes the wrong turn; omits a movement), the President of the Jury warns him, by sounding the bell. The President of the Jury shows him if necessary, the point at which he must take up the test again and the next movement to be executed, then leaves him to continue by himself. However, in some cases when, although the competitor makes an error of course, the sounding of the bell would unnecessarily impede the fluency of the performance for instance if the competitor makes a transition from medium trot to collected walk at V instead of at K, or cantering up the centre-line from A, makes a pirouette at D instead of at L, it is up to the President of the Ground Jury to decide whether to ring the bell or not. The decision whether or not an error of course was made will be that of the President of the Ground Jury, the other judges' scores will be adjusted accordingly. However, if the bell is not sounded at an error of the course and the test requires the same movement to be repeated and the rider again makes the same error, the rider is only penalized once.

In principal a competitor may not repeat a movement of a test unless the President of the Ground Jury decides on an error of course (rings the bell). If however, the rider has started the execution of a movement and attempts to do the same movement again, the judge must consider the first movement only and at the same time penalize as for an error of course.

3.7.3 ADDITIONAL ON THE SALUTE

If athlete at the salute does not take the reins in one hand or salutes with the whip in hand - he will be penalized in a loss of two marks on the point (not error of course)
In the event of a difference of opinion amongst Judges as to whether an error of course or use of voice has been made, a ruling must be given by the President of the Jury and all sheets marked accordingly.
